CPE Consultants, LLC is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education and complies with the accreditation standards for continuing pharmacy education activities. The University Activity Number (UAN) for this application-based activity is 0864-0000-15-002-H01-P. This activity is approved for 4.0 contact hours (0.4 ceus). The activity will be released April 5, 2015 and expires June 5, 2018. To receive continuing pharmacy education credit, pharmacists must complete the 4.0 contact hours of home-study material and achieve a passing score of 80% on the home-study post-test prior to attending the June 5, 2015 live activity.

Learning Objectives – Live 8.0 contact hours (0.8 ceus)

At the completion of this application-based activity, the pharmacist will be able to:

- Explain the pathophysiology of common disease states associated with specialty
- Discuss pharmacology, pharmacodynamics, and pharmacokinetics of common specialty drugs
- Identify barriers to care with specialty pharmacy for both acute and ambulatory practice settings
- Describe pharmacoeconomic implications of specialty drugs
- Analyze models of implementation of specialty pharmacy
- Apply the role and expertise of the pharmacist into a specialty pharmacy model
- Synthesize an effective specialty model

CPE Consultants, LLC is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education and complies with the accreditation standards for continuing pharmacy education activities. The University Activity Number (UAN) for this application-based activity is 0864-0000-15-003-L01-P. This activity is approved for 8.0 contact hours (0.8 ceus). The activity will be released June 5, 2015 and expires June 5, 2018. To receive continuing pharmacy education credit, pharmacists must attend the activity in its entirety and evaluate the activity. Pharmacists will be provided instructions to access the electronic learning management system in order to evaluate the successfully completed activity and generate a Statement of Credit. Online evaluations must be completed before Wednesday, August 5, 2015. Failure to do so will result in a loss of Continuing Pharmacy Education Credit. Statements of Credit will be automatically reported to CPE Monitor. Grievances regarding the education activity must be submitted in writing to CPE Consultants, LLC, hermiller50@gmail.com
